All,

For the record, FNSB Community Planning Staff is requesting that GR2022-098 be postponed until the 1.20.22 Administrative Hearing as the noticing requirements of Dear Property Owner letters were not met due to the FNSB's inclement weather policy. This has been advertised in the newspaper and will require an action of the hearing officer at this point. This applicant has been notified and I will include this e-mail in the 1.6.22 meeting packet as the staff report.

Staff's recommendation: Postponement of GR2022-098 to the 1.20.22 Administrative Hearing to meet noticing requirements.

Hi Kayde,

With that in mind, will you be submitting a staff report for this item for me to publish to the website? Or will this item not have a staff report for this meeting?

Best regards,

Hi Kayde,

Thanks for letting me know. Since the agenda has already been published to the website and in the news page, we will need to leave that item on the agenda.

I have a note in the meeting script letting the Hearing Officer know that the 15-day minimum to send out notice for GR2022-098 was not met. When we get to that item on the agenda, Community Planning will need to request on the record that the item be postponed to the Administrative Hearing being held on January 20, 2022.

Best regards,

Hi Cullen,

With the snow day and such, we failed to meet our 15 day minimum to send out notice regarding the hearing for Mr. Lee's Grandfather rights case, GR2022-098. We would like to remove him from the upcoming January 6 meeting and add his case to the Administrative Hearing at the meeting on January 20th. He has already been notified of the change. Please let us know if you need any thing else from us at this time. Merry Christmas!
